### **“The Economic Report” show to feature Safe Ship™ Inc.**

December 22, 2008, Deerfield Beach, FL – The producers of **The Economic Report** are pleased to announce that Safe Ship™ Inc. will be featured in an upcoming segment on topics, trends and issues related to “Best Franchise Concepts for the 21<sup>st</sup> Century”.

The foundation for America’s economic and political well-being depends on unhindered opportunities; opportunities to gain leadership and bring new products and services to the marketplace in the United States and abroad. Combining the spirit of enterprise with the growing packing and shipping industry, Richard and Cheryl Marsh have developed a unique franchise opportunity for people who want their own packing and shipping business.

Based in Ormond Beach, Florida, Safe Ship™ is at the forefront of this rapidly transforming industry. As a full business center, the Company offers an array of products and services for large and small business, home office, road warriors and the general public. It also functions as a United States Post Service Authorized Shipper and provides shipping supplies, international shipping services and mailbox rental.

In 2005, the Company was awarded the D.A.S.C. Excellence Award by DHL as the largest producing packing and shipping store in the U.S., and in 2006, Safe Ship™ received the same award by FedEx as the largest dollar producing store in the U.S. With two successful corporate stores, and four successful franchise stores in Northeast Florida, the Company has just opened two more franchise stores in Richmond Virginia and another in Jacksonville, Florida. Five more stores are scheduled to open in the first quarter of 2009.

"Our success has brought about a great deal of interest from entrepreneurs interested in starting their own successful packing & shipping store," said Mr. Marsh. "We provide our franchisees with assistance in all phases of setup. We help with site selection, negotiating the lease, and creating shipping accounts. We also provide a two week training session, to ensure our franchisees are fully comfortable and confident when starting their own store."

The five-minute segment will educate viewers on the concept and benefits of franchising, and will highlight the Safe Ship™ franchise opportunity. The segment will be filmed on-location at the Company's corporate "model" store in Ormond Beach, Florida. For more information, please visit [www.safeship.com](http://www.safeship.com).
